

Note: This diagram is an abstract depiction of an Attack. It is missing the more intricate details (the sequence of handling an owner change, and handling a state update) due to length, but it shows a player elimination event when attacking as an example.

Milestone 3 UML Sequence Diagram: An Attack  
Team Group- Sarah Abdallah | 2020-11-22

Learn how to edit this template

- To **manually create your sequence diagram**:
1. **Add text to a shape** by selecting it and typing.
  2. **Add and remove shapes** on the canvas.
  3. To **format shapes** as you'd like, click on a shape and then click "Shape Options" , "Fill Color" , and "Line Color"  on the properties bar at the top of the canvas.
  4. Hover over a shape and click on any red circle  to **add lines**.
  5. **Add text to a line** by double-clicking the text or anywhere on the line and typing.
  6. To **format lines**, click on a line and then click "Line Color" , "Line Style," "Line Width," and "Line Options"  on the properties bar at the top of the canvas.

- To **automatically create your sequence diagram**:
1. Click " Use Markup" in the UML Sequence shape library to the left.
  2. Add your syntax.
  3. Click "**Build**."
